

Blue Lime Labs is a company investing and developing early-stage start-up ideas to meet the market.

Our focus is into scalable business-to-business solutions that provide a straightforward value to companies.

Currently we are working on 3 projects of international scope and are planning to expand rapidly during the upcoming years.

Hence, as an employee at Blue Lime Labs you will never be bored with the same tedious tasks, as there is always an opportunity to rotate between projects and innovate on them.
