

PulseTip is a part of Blue Lime Labs business accelerator.

PulseTip is an innovative HR tech. solution for employee engagement that provides a straightforward value to large corporates.

In 2015 Employee engagement was the No. 1 HR problem across the globe, resulting in ~500 bn USD annual losses in US alone.

At PulseTip — we are changing that. Because we believe that every manager will take action to make their employees feel better, more satisfied, more engaged, and more productive.

If you share this believe, are passionate and ambitious to bring a positive change to the HR industry, apply now!
